Subject: New Equipment Program: Enviromodal Capacity coming to ChannelSpeed

Dear REZ-1 Customer:

REZ-1 would like to announce beginning Tuesday October 7th Enviromodal will be making equipment available under the 'Green Leaf' program for reservation via the Equipment Tab in REZ-1's ChannelSpeed application. In order to create a reservation, choose the 'GREENLEAF' program drop-down in the Equipment tab. If you are unfamiliar with REZ-1's ChannelSpeed application, please feel free to contact REZ-1 3rd Party Services and we can provide you with application training.

Enviromodal is an environmentally friendly transportation initiative where they collaborate with numerous transportation businesses using a single shared asset to reduce air pollution, eliminate empty miles and help create a healthier environment for generations to come. For more information please use the contact information below or visit <http://www.enviromodal.com/>.

Currently Enviromodal has available capacity in Jacksonville, FL moving to the Secaucus, NJ metro area. If you would like access to this capacity please contact Enviromodal directly.
